re: Proposal for Professional Services: Area in Need of Redevelopment Assessment
Block 27401, Lots 39, 40 and 42
E. Linden Ave. & Morris Canal
Jersey City, New Jersey
Our file #A21314

Dear Mr. Ponce:

Thank you for the opportunity to present this proposal for professional services. Beacon Planning has extensive experience in guiding communities through the development and redevelopment processes. The depth of our in-house resources, which include planners, real estate professionals, and an economist, have been a key component in the satisfaction expressed by our clients.

We have provided planning, redevelopment and PILOT review services to numerous communities throughout the State of New Jersey, including the City of Newark, the City of Bayonne, the City of Perth Amboy, the Borough of Carteret, the Borough of Tinton Falls, the City of South Amboy, the Borough of Keyport, and the Township of Toms River. We also provide due diligence services to such national and regional construction lenders as PNC Bank, Capital One Bank, Investors Bank and Provident Bank. I have lectured on the topic of development, real estate risk management, due diligence, redevelopment, redeveloper selection and PILOT analysis at conferences and classes sponsored by the New Jersey Redevelopment Authority, New Jersey Future, the League of Municipalities, PlanSmart NJ and Monmouth University.

It is our understanding that the City of Jersey City seeks professional planning services for the preparation of an 'Area In Need of Redevelopment Study' with condemnation pursuant to the criteria established within the 'Local Redevelopment and Housing Law' (LRHL). The subject

properties are located within the southern portion of the City between Chapel Avenue to the north and Linden Avenue East to the south. Pursuant to available aerial photography, the properties are a combination of vacant land and are utilized for vehicle storage in connection with Jersey City Police automotive pound.

The Local Redevelopment and Housing Law (LRHL) was adopted by the New Jersey State Legislature to assist and guide municipalities in the process of redeveloping and rehabilitating properties. One of the criteria by which a vacant property may be deemed an 'Area in Need of Redevelopment' is through a finding of lack of activity that may be cured through an affirmative municipal action.

A planning board has the power to conduct, when authorized by the governing body, a preliminary investigation and make a recommendation as to whether a designation of an 'Area in Need of Redevelopment' is appropriate. The planning board is also authorized to make recommendations concerning a redevelopment plan and prepare a plan as determined to be appropriate.

Subsequent to the finding by the governing body that the area constitutes an 'Area in Need of Redevelopment', a redevelopment plan can then be prepared. The plan would identify the manner in which the designated area is to be redeveloped, including the prospective use, intensity of use, and bulk criteria governing same. The City can use its resources to encourage public-private partnerships in redevelopment efforts, and incorporate the use of low-interest loans or outright grants, bonding, tax abatements, and an expedited approval process to facilitate the redevelopment of the area. The benefits accruing from these programs, which include an improved physical appearance, enhanced land use arrangement, and increased tax revenues, would serve to enhance the character of the entire community.

Scope of Services:

Redevelopment Assessment

Upon authorization by the City's governing body and planning board, a comprehensive redevelopment assessment will be prepared and submitted to the City for review and consideration.

1. Preparation of a Redevelopment Assessment will include a review of the subject properties' characteristics, including location, size, accessibility, existing zoning, condition of improvements, and current and prior uses. The assessment will outline the criterion, if any, by which the properties qualify as an Area in Need of Redevelopment. BPCS will assume environmental reporting will be completed by the City or a consultant hired by same. If environmental reporting is unavailable, BPCS will utilize information available from public sources deemed reliable to determine potential environmental impacts, if any.
2. Beacon will present the proposed Redevelopment Assessment to the governing body for review. The presentation will include a summary of our findings and recommendations.

3. Upon consideration of the governing body, the Redevelopment Assessment will be referred to the Planning Board for its review and commentary. The Planning Board may request comments from the public prior to forwarding recommendations to the governing body. Upon receipt of the Planning Board's comments, the governing body may request comments from the public and make their final determination with respect to the Redevelopment Assessment. It is assumed that the City of Jersey City will prepare public notices pursuant to statute.

Beacon's fee for the preparation of a redevelopment assessment is priced on a Lump Sum Basis and assumes one preliminary meeting with local officials, a site visit and up to two appearances before public agencies.

Preparation of a "Comprehensive Redevelopment Assessment" without Environmental Research

LUMP SUM \$7,250.00

Preparation of a "Comprehensive Redevelopment Assessment" with Environmental Research

LUMP SUM \$8,300.00

Invoices will be submitted as progress billings against the fee based on a percentage of completion. Our fee includes one round of revisions upon submission of a first draft to the client. Revisions beyond the first draft will be invoiced on a Time and Expense Basis. Additional communications and meetings with the client and before public bodies will also be invoiced on a Time and Expense Basis. Our fee includes the provision of one original, up to ten bound copies and an electronic version of our assessment.

INTEREST. If any invoice is not paid in full within thirty (30) days of receipt, the Client shall pay as interest an additional charge of one-and-one-half percent (1.5%) (or the maximum allowable by law, whichever is lower) per month of the **PAST DUE** amount. Beacon is not obligated to indemnify the Client for the Client's own negligence.

8.0 LIMITATION OF LIABILITY

Client and Beacon recognize and agree that Beacon's liability for any and all claims or actions, regardless of how arising, shall be limited to the total sum of \$25,000.00, or Beacon's total fee for services rendered on this project, whichever is less. Notwithstanding any other provision of the Agreement, neither party shall be liable to the other for any consequential damages incurred due to the fault of the other party, regardless of the nature of this fault or whether it was committed by the Client or Beacon, their employees, agents, subconsultants or subcontractors. Consequential damages include, but are not limited to, loss of use or profit.

11.0 DELAYS

Beacon is not responsible for delays caused by factors beyond Beacon's reasonable control, including but not limited to delays because of strikes, lockouts, work slowdowns or stoppages, accidents, acts of God, failure of any governmental or other regulatory authority to act in a timely manner, failure of the Client to furnish timely information or to provide review comments promptly; or delays caused by faulty performance by the Client or by contractors of any level. When such delays beyond Beacon's reasonable control occur, the Client agrees that Beacon is not responsible for damages, nor shall Beacon be deemed to be in default of this Agreement.

12.0 CORPORATE PROTECTION

It is intended by the parties to this Agreement that Beacon's services in connection with the project shall not subject Beacon's individual employees, officers or directors to any personal legal exposure for the risks associated with this project. Therefore, the Client agrees that as the Client's sole and exclusive remedy, any claim, demand or suit shall be directed and/or asserted only against Beacon, a New Jersey limited liability corporation, and not against any of Beacon's employees, officers or directors.

Beacon makes no warranty, expressed or implied, as to the accuracy of such opinions as compared to bid or actual costs.

15.0 HAZARDOUS MATERIALS

It is acknowledged by both parties that Beacon's scope of services does not include any services related to asbestos or hazardous or toxic materials. In the event Beacon or any other party encounters asbestos or hazardous or toxic materials at the job site, or should it become known in any way that such materials may be present at the job site or any adjacent areas that may affect the performance of Beacon's services, Beacon may, at its sole option and without liability for consequential or any other damages, suspend performance of services on the project until the Client takes steps to identify, abate and/or remove the asbestos or hazardous or toxic materials, and to warrant that the job site is in full compliance with applicable laws.

16.0 GOVERNING LAW

The laws of the State of New Jersey will govern the validity of this Agreement, its interpretation and performance. Any litigation arising in any way from this Agreement shall be brought in the Courts of New Jersey.

17.0 SURVIVAL

All express representations, indemnifications or limitations of liability made in or given in this Agreement will survive the completion of all services of Beacon under this Agreement or the termination of this Agreement for any reason.

18.0 ENTIRE AGREEMENT

This Agreement (**consisting of (1) Proposal Scope of Services and (2) General Conditions**) comprises the final and complete agreement between the Client and Beacon. Amendments to this Agreement shall not be binding unless made in writing and signed by both the Client and Beacon.

Section 1. The foregoing recitals are incorporated herein as if set forth in full.

Section 2. The Planning Board is hereby authorized and directed to conduct an investigation pursuant to *N.J.S.A. 40A:12A-6* to determine whether the Condemnation Study Area satisfies the criteria set forth in *N.J.S.A. 40A:12A-5* to be designated as an area in need of redevelopment, which designation would permit the City to utilize all of the redevelopment powers, including eminent domain.

Section 3. As part of its investigation, the Planning Board shall prepare maps showing the boundaries of the Study Area and the location of the parcels contained therein and appended thereto shall be a statement setting forth the basis of the investigation.

Section 4. The Planning Board shall conduct a public hearing in accordance with the Act, specifically *N.J.S.A. 40A:12A-6*, after giving due notice of the proposed boundary of the Study Area, the date of the hearing, and the municipal option to exercise the power of eminent domain with respect to the Condemnation Study Area only, to any persons who are interested in or would be affected by a determination that the Study Area is an area in need of redevelopment. The notice of the hearing shall specifically state whether the redevelopment area determination would authorize the City to exercise the power of eminent domain to acquire any property in the delineated area.

Section 5. At the public hearing, the Planning Board shall hear from all persons who are interested in or would be affected by a determination that the Study Area is a redevelopment area with the power of eminent domain, as applicable. All objections to a determination that the Study Area is an area in need of redevelopment with the power of eminent domain, as applicable, and evidence in support of those objections shall be received and considered by the Planning Board and made part of the public record.

Section 6. After conducting its investigation, preparing a map of the Study Area, and conducting a public hearing at which all objections to the designations are received and considered, the Planning Board shall make recommendations to

Resolution of the City Council of the City of Jersey City authorizing the Planning Board to investigate whether the property known as block 27401, lots 39, 40, and 42 on the tax map of the City of Jersey City, State of New Jersey, is an area in need of redevelopment with the power of condemnation, as described herein, pursuant to the local redevelopment and housing law, N.J.S.A. 40a:12a-1, et seq.

Attn: Diana Jeffrey

**RE: Bayfront Redevelopment Project
Jersey City, New Jersey
JCRA Contract No.: 19-05-MPN12
Our File No.: PJC00503.01**

Dear Ms. Jeffrey:

We have prepared the following proposal to address out of scope tasks that our office has been directed to complete. Please find a description and our estimated cost to complete same outlined below and as detailed on the enclosed man-hour breakdowns.

As you may be aware with regard to the Open Space Design Standards ("OSDS") Revisions, our office previously prepared and submitted OSDS Conformance Drawings based on comments and input received from Honeywell/Wood. A Civil Design Package was submitted by Honeywell/Wood to the Plaintiff for area SA-6. Since the submittal of our previous proposal to address the Plaintiff's comments, our sub-consultant (Geosyntec Consultants, Inc.) was made aware that our office is considering a surcharge loading scheme that may increase the differential loads on the geomembrane cap beyond that previously considered in the Honeywell/Wood memo. It was ultimately determined that performing additional services could protect all parties involved against any potential future claims by the Plaintiff as the surcharge is placed in such close proximity to the liner. This task includes obtaining and coordinating the additional services of our sub-consultant [\$11,500.00 to be billed as a reimbursable expense] to perform a 2D analysis to calculate settlements due to the surcharge program at the site. We anticipate the following additional task(s) with regard to design phase services:

Task 1: Additional OSDS Revisions

We anticipate the above design task(s) to perform these additional services can be provided for \$15,762.00.

To: Ms. Jeffrey
September 22, 2021
Page 2

Accordingly, we respectfully submit the following Professional Engineering Services cost estimates for continuation of the additional remaining design and construction administration tasks for the above referenced project:

- | | | |
|----|---|--------------|
| 1. | Additional OSDS Revisions (Site Engineering) | \$ 1,422.00 |
| 2. | Additional OSDS Revisions
(Geotechnical Services, includes the above
reimbursable expenses) | \$ 14,340.00 |
| | Sub-Total: | \$ 15,762.00 |

Our office recommends an amendment of our contract, as our office continues with the design and surcharge program construction administration phase services for this project.

The remaining services and terms of our proposal would remain in effect.

Should you have any questions regarding this matter, please do not hesitate to contact this office.

Very truly yours,

CME Associates

WHEREAS, Resolution 21-05-05 reauthorizes and amends Contract 19-05-MPN12 with CME to complete and perform additional Engineering Services, attached hereto as **Exhibit B**; and

WHEREAS, under N.J.S.A. 40A:11-5(1)(a)(i) of the Local Public Contracts Law, *N.J.S.A. 40A:11-1 et seq.* (the “**LPCL**”), contracts for which the subject matter consists of professional services may be awarded without competitive bidding; and

WHEREAS, the Agency certifies that it has funds available for the Engineering Services; and

WHEREAS, notice of the award of this Contract shall be published in an official newspaper of general circulation in accordance with *N.J.S.A. 40A:11-5(1)(a)(i)*.

NOW, THEREFORE, the Agency and CME, for the consideration and under the conditions hereinafter set forth, the sufficiency and receipt of which are hereby acknowledged, do agree as follows:

SECTION 1 – PURPOSE OF CONTRACT

The above recitals are hereby incorporated by reference into this Contract, as if set forth in full. The purpose of this Contract is to set forth the respective rights, obligations, conditions and agreements of the Parties in connection with CME’s continued performance of the Engineering Services and the additional work set forth in the Proposal.

SECTION 2 – SCOPE OF SERVICES; PERFORMANCE

A. The Parties shall cooperate in arranging for CME’s lawful access to the Property, including obtaining any required permits, authorizations, approvals or agreements.

B. CME shall continue to perform the Engineering Services and the additional work set forth in the Proposal; and prepare all deliverables as outlined in and in accordance with the scope of work set forth in the Proposal.

C. Performance of the Engineering Services shall not be materially different from or more or less extensive than as specified in the Proposal, unless such modifications are reduced to writing and signed by authorized representatives of the Agency and CME.

D. In performing the Engineering Services, CME shall operate as and have the status of an independent contractor and shall not be deemed an agent or employee of the Agency. As an independent contractor, CME shall be solely responsible for determining the means and methods of performing the Engineering Services.

E. CME shall perform the Engineering Services in a manner consistent with that degree of care and skill ordinarily exercised by members of the same profession currently practicing under similar circumstances.

F. CME shall provide to the Agency a detailed, written schedule for performance of the Engineering Services, which schedule shall set forth a timeline identifying tasks, milestones, and deliverables.

G. CME shall provide regular progress reports to the Agency, at least monthly, describing at a minimum the work performed, anticipated upcoming tasks, and any problems encountered in rendering the Engineering Services.

H. All Engineering Services shall be performed by licensed individuals, where applicable.

SECTION 3 – COMPENSATION AND PAYMENT

A. Compensation paid by the Agency to CME for the performance of the Engineering Services shall not exceed **Seven Hundred Sixty-Seven Thousand Three Hundred Fifteen Dollars and Eighty-Five Cents (\$767,315.85)**. Said amount consists of the remaining balance on the 2019 Contract of **Five Hundred Eighty-Seven Thousand Nine Hundred Ninety-Eight Dollars and Fifteen Cents (\$587,998.15)**, plus **One Hundred Seventy-Nine Thousand Three Hundred Seventeen Dollars and Seventy Cents (\$179,317.70)** for additional Engineering Services described in the Proposal. Said amount will be paid in accordance with the “Authority Consulting Engineering Services” hourly rate schedule set forth in the Proposal. Such compensation shall include, and the Agency shall not be responsible for paying, any labor, overhead costs and basic support services incurred by CME. The Agency will not reimburse CME for costs deemed by the Agency to be part of CME’s labor costs, overhead costs and/or basic support services. CME shall be solely responsible for its own travel, meal and printing expenses, all of which are hereby deemed part of CME’s overhead costs.

B. Prior to engaging in work that may exceed the scope of the Engineering Services, CME shall submit to the Agency, in writing, a request to perform such additional work, detailing

the nature of the work, the cost of performing such work, and the need for the additional work. CME shall not proceed with any such additional work without obtaining the prior, written consent of the Agency. Any modifications of the Engineering Services which would result in increasing the not to exceed amount set forth in Section 3(A) shall require the prior authorization of the Agency's Board of Commissioners and shall in all cases be conditioned upon the availability of funds.

C. CME shall submit to the Agency any invoices and any required Agency accounts payable vouchers showing the Engineering Services performed and the charges therefor during the period covered thereby, in proportion to the total Engineering Services to be completed hereunder. CME understands that said invoices and vouchers must be submitted to the Agency for approval prior to payment.

SECTION 4 – INSURANCE

A. CME shall procure, purchase and maintain the following insurance during the term hereof. The insurance policies described herein shall be kept in force until submission of final invoices by CME for all Engineering Services required hereunder.

i. **Commercial General Liability Coverage.** CME shall, at its own cost and expense, obtain and keep in force during the term of the Contract, a policy of general liability ("CGL") insurance insuring against any and all liability arising out of CME's non-professional services for injuries to any person or persons and for loss or damage to the property of any person for not less than Two Million Dollars (\$2,000,000.00) per occurrence and in the general aggregate. Same shall cover without limit claims and damages of bodily injury, including personal injury, sickness or disease, or death of employees or any other person; and from claims for damages because of injury to or destruction of tangible property, including loss of use resulting therefrom.

ii. **Professional Liability Insurance.** CME shall, at its own cost and expense, obtain and keep in force during the term of the Contract, a policy of professional liability insurance with limits of not less than One Million Dollars (\$1,000,000.00) per claim, and Two Million Dollars (\$2,000,000.00) in the aggregate.

iii. **Workers' Compensation Insurance.** CME shall, at its own cost and expense, obtain and keep in force during the term of the Contract, workers' compensation insurance at amounts equal to the greater of either (a) those amounts required statutorily in the State of New Jersey; or (b) Employer's Liability Insurance, Part II, Schedule B, securing a minimum compensation for the benefit of the employees of CME with limits of not less than:

\$500,000.00 per accident for bodily injury by accident;

\$500,000.00 policy limit for bodily injury by disease; and

\$500,000.00 per employee for bodily injury by disease.

The Agency does not recognize CME as its employee and will not be responsible for any workers' compensation claims filed against CME. CME shall have no status relative to the Agency other than that of independent contractor.

iv. **Automobile Liability Coverage.** CME shall, at its own cost and expense, obtain and keep in full force during the term of the Contract automobile liability coverage of not less than Three Hundred Thousand Dollars (\$300,000.00) combined single limit for bodily and property damage liability ("Automobile Liability Coverage").

B. The following riders shall be made a part of the policies described above:

i. The CGL and Automobile Liability Coverage policies obtained by CME pursuant to this Contract shall name the Agency and the City as additional insureds and shall list the locations and properties by Tax Block, Tax Lot and address where the Engineering Services will be performed. Such coverage shall be primary and non-contributory over any other coverage. Further, any such additional insured coverage endorsements shall be set forth on ISO Form CG 20 10 11 85 or its equivalent.

ii. Prior to commencement of any work pursuant to the Contract, CME shall provide the Agency with certificates of insurance and complete copies of all policies and any applicable additional insured endorsements thereto reflecting the coverages required pursuant to this Contract, and in the case of CME's CGL and Automobile Liability Coverage policies, the additional insured status of the Agency and the City.

iii. The presence of employees of the Agency on the Property shall not invalidate any term or condition of any of CME's policies of insurance required to be purchased and maintained pursuant to this Contract.

iv. The policies required to be purchased and maintained pursuant to this Contract shall not be canceled, terminated, non-renewed, or the limits thereof reduced by endorsement, by CME or any insurance company unless thirty (30) days' prior written notice is sent by certified mail to CME and to the Agency.

v. CME shall procure, purchase and maintain insurance of the kinds and in the amounts herein set forth with insurance companies authorized to do business in the State of New Jersey, and rated A or better in the Best's Key Rating Guide for Property and Casualty covering all operations under this Contract.

SECTION 5 – TERMINATION

A. The Agency reserves the right to terminate this Contract in whole or in part, at its sole discretion, upon giving at least five (5) days' written notice to CME of such termination and specifying the effective date therefor. In such case, CME shall continue to provide the Engineering Services as required by the Agency until the effective date provided in the termination notice.

B. If this Contract is terminated by the Agency pursuant to Section 5(A), CME shall be paid an amount which bears the same ratio to the total compensation as the services actually performed bear to the total Engineering Services covered by this Contract, less payments of compensation previously made, provided that the Agency shall not be responsible for any additional fees, costs, expenses or charges incurred by CME as a result of such termination.

C. If the Agency terminates this Contract due to the fault of CME, all finished or unfinished documents, data, studies, and reports prepared by CME under this Contract shall, at the option of the Agency, become the Agency's property, and CME shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents. Notwithstanding the above, CME shall not be relieved of liability to the Agency for damages sustained by the Agency by virtue of any breach of this Contract by CME, and the Agency may withhold any payments to CME for the purpose of setoff until such time as the exact amount of damages due the Agency from CME is determined.

SECTION 6 – DISPUTE RESOLUTION

Disputes arising under this Contract shall be submitted to a process of resolution pursuant to alternative dispute resolution practices, such as mediation, binding arbitration or non-binding arbitration pursuant to industry standards, prior to being submitted to any court for adjudication; the Parties shall discuss and agree on the alternative dispute mechanism to utilize. If the Parties cannot agree on any alternative dispute mechanism, they are left to their respective rights at law or in equity. Engaging in any alternative dispute resolution process shall not prevent any Party from seeking injunctive, equitable or declaratory relief in a court of competent jurisdiction as may be needed under the circumstances. All judicial proceedings pertaining to this Contract shall be brought either in the Superior Court of New Jersey – Hudson Vicinage, or in the federal courts within the State of New Jersey, as the case may be.

SECTION 7 – INDEMNITY

A. CME shall be liable to, and hereby agrees to indemnify, defend, save and hold harmless the Agency and the City, and their respective employees, officers, commissioners, directors and officials, from any and all damages and from costs and expenses, including reasonable legal fees and costs, to which the Agency and/or the City and their respective employees, officers, commissioners, directors and officials may be subjected or which they may suffer or incur by reason of any loss, property damage, bodily injury, or death, arising out of and/or to the extent resulting from any negligent act, error, omission, or willful misconduct of the Agency and/or the City, and/or CME, or its officers, employees, contractors or agents, in the performance of this Contract. This requirement of CME to indemnify, defend and hold harmless the Agency and/or the City shall apply regardless of whether the loss, property damage, bodily injury, or death arose out of the Agency and/or the City's own alleged acts and/or omissions.

B. This contractual indemnification requirement shall not apply to any claims of professional negligence. However, nothing in this Contract shall abridge, modify or curtail in any way the Agency and/or the City's rights to seek common law indemnification from CME, or to otherwise pursue any kind of claim arising from or relating to any act or omission by CME.

SECTION 8 – TERM OF CONTRACT

This Contract shall terminate on May 31, 2022, unless otherwise terminated by the Agency before such termination date in accordance with Section 5 herein.

SECTION 11 – CONFIDENTIALITY

In the course of performing the Engineering Services, CME may gain access to nonpublic and confidential information. The Agency requires CME to maintain the confidentiality of such information both during and after the course of CME work with the Agency. CME shall implement appropriate procedures to ensure the protection of all such information.

SECTION 12 – ENTIRE CONTRACT

Subject to Section 16 herein, this Contract and all exhibits attached hereto constitute the entire agreement between the Agency and CME with respect to the subject matter hereof. This Contract supersedes all prior or contemporaneous communications or representations of agreement, whether written or oral, with respect to the subject matter thereof. There have been and are no covenants, representations, restrictions or agreements other than those herein expressed.

SECTION 14 – COUNTERPARTS

This Contract may be executed in counterparts, each of which, when taken together, shall constitute one and the same instrument.

SECTION 15 – NOTICES

Any written notices required or desired hereunder shall be addressed to the respective Parties at the addresses above set forth, or such other address which may be designated in writing.

SECTION 16 – CONFLICTS

In the event of any conflict, ambiguity or inconsistency between the terms and conditions of this Contract and the terms and conditions of the Proposal, the terms and conditions of this Contract shall control. RE: Bayfront Redevelopment Project
Jersey City, New Jersey
JCRA Contract No.: 19-05-MPN12
Our File No.: PJC00503.01

Dear Ms. Jeffrey:

Pursuant to your office's request, we have reviewed the project status and outstanding balances for the above referenced project.

Please note that at this time, after multiple requested design revisions, our office has substantially completed the general design document preparation. However, there are still remaining items/design tasks to be completed. In general, the remaining items/design tasks required to be completed include the following, as detailed on the enclosed man-hour breakdowns:

- **Additional Bi-Weekly Infrastructure/Coordination Meetings**
(Our office participates in bi-weekly calls to review progress and coordinate weekly activities related to the Phase I infrastructure work. This task assumes preparation and attendance for 2 Engineers at 13 1.5-hour meetings for a 6-month period.);
- **Soil Erosion and Sediment Control ("SESC") Stockpile Certification**
(Our office submitted and received certification from the Hudson-Essex-Passaic Soil Conservation District for the Phase 1A infrastructure. Since the time of receiving the certification, our office was notified that Honeywell is terminating their permit for the soil stockpile currently located on area SA-7. Plan adjustments and amended SESC certification are needed to incorporate the stockpile into the existing certification. This task includes the amended application and plan preparation, and the additional review, certification, inspection and enforcement fees [\$1,375.00].);
- **Developer Coordination**
(The JCRA has developers selected to proceed with the development of the parcels within the Phase IA infrastructure limits. Our office is receiving questions about the proposed infrastructure plans and requests to make changes to same. It is anticipated that there will be coordination required with the developers regarding the project and the proposed water and sanitary sewer service connections. This task includes coordination to address and respond to the developers including conference calls/meetings, emails, plans and specifications revisions regarding site engineering / sanitary and water / landscape design / lighting design.);
- **Finalize Project Specifications**
(The project specifications were prepared and submitted to the New Jersey Department of Environmental Protection ("NJDEP") Agency for review and comment. This task includes revisions and the final preparation of the site engineering / sanitary and water technical specifications and bid items to get the project ready for bid based on the final plans approved by the New Jersey Environmental Infrastructure Trust.);

To: Ms. Jeffrey
May 7, 2021
Page 2

- **Open Space Design Standards ("OSDS") Revisions**
(Our office previously prepared and submitted OSDS Conformance Drawings based on comments and input received from Honeywell. A Civil Design Package was submitted by Honeywell to the Plaintiff for area SA-6. This task includes additional revisions per OSDS comments received from the Plaintiff, and obtaining and coordinating the services of a sub-consultant [\$19,665.00] to evaluate the effect of the placement of additional soil fill on the performance of the underlying geomembrane cover component at the site.);
- **New Jersey Department of Environmental Protection ("NJDEP") Treatment Works Approval ("TWA") Application**
(A TWA Permit is required for the proposed sanitary sewer main extension and additional flow associated with the project. This task includes the application fee [\$9,000.00], preparation of the required NJDEP Application Form, Engineers Report and other supporting documentation for the submission and approval of the Permit.);
- **New Jersey Department of Transportation ("NJDOT") Utility Opening Permit**
(The sanitary sewer mains within Phase 1A begin just north of Kellogg Street and flow to the north and then east to an existing Jersey City Municipal Utility Authority ("JCMUA") interceptor located in New Jersey State Highway Route 440. A NJDOT Utility Opening Permit is required for the proposed sanitary sewer main connection in the Route 440 Right-of-Way. This task includes the application fee [\$1,500.00], preparation of the required NJDOT Application Forms, Traffic Control Plans as required by the NJDOT and other supporting documentation for the submission and approval of the Permit.);
- **Cultural Resources**
(A Stage 1A Cultural Resources Survey has been requested by the NJDEP. This task includes obtaining the services of a sub-consultant [\$11,084.85] to perform the Cultural Resources Survey as requested by the NJDEP.);
- **State Historic Preservation Office ("SHPO") Coordination**
(As part of the NJDEP Cultural Resources Review, our office was advised that the project will require authorization from the SHPO. Accordingly, this task will consist of the preparation of the required SHPO Application forms and supporting documents as required for submission and approval by the SHPO.);
- **Utility Company Coordination**
(Our office prepared Lighting Plans for the roadways and parking areas within Phase 1A. Electrical service from the utility company will be needed to provide power for same. This task includes utility company coordination for providing the electrical power for the lighting, including wire and conduit sizing, and any associated plans and specifications revisions.).

The following will be billed as reimbursable expenses with an estimated cost of \$42,624.85:

- SESC Review, Certification, Inspection and Enforcement Fees (\$1,375.00);
- OSDS Revisions Sub-Consultant (\$19,665.00);
- TWA Application Fee (\$9,000.00);
- NJDOT Utility Opening Permit Application Fee (\$1,500.00);
- Cultural Resources Sub-Consultant (\$11,084.85).

Accordingly, we respectfully submit the following Professional Engineering Services cost estimates for continuation of the remaining items/design tasks for the above referenced project: Therefore, our contract sub-total based upon the above referenced additional scope of services would be as follows:

Environmental services will be billed in accordance with CME's Environmental Rate Schedule.

Invoices - CME Associates (CME) will submit invoices to Client monthly and a final invoice upon completion of services. Payment is due upon presentation of invoice and is past due thirty days from invoice date. Client agrees to pay a finance charge of one and one-half percent per month, or the maximum rate allowed by law, on past due accounts. In the event that the invoice is not paid voluntarily and promptly, and must therefore be referred to an attorney or agency for collection, the Client agrees to pay a collection fee equal to the actual attorney or agency collection fee incurred by CME. Overtime rates are applicable after eight hours Monday through Friday, and all day Saturday and Sunday, and charged at one and one-half times the quoted rate. Holidays are charged at two times the quoted rate. Expenses incurred for reproduction, postage handling, photographs and for services including subcontractors equipment and facilities not furnished by CME are charged to the Client at cost plus fifteen percent. Automobile travel may be charged at the current rate per mile allowed by the Internal Revenue Service.

Standard of Care - Services performed by CME under this Agreement will be conducted in a manner consistent with that level of care and skill ordinarily exercised by members of the profession currently practicing under similar conditions. NO OTHER WARRANTY, EXPRESSED OR IMPLIED, IS MADE.

Contaminated Material - It is understood that CME is not, and has no responsibility as a handler, generator, operator, treater or storer, transporter or

disposer of hazardous or toxic substances found or identified at any site. Client shall undertake or arrange for, either directly or indirectly through other contractors the handling, removal, treatment, storage, transportation and disposal of hazardous substances or constituents found or identified at any site.

Utilities - In the execution of the work, CME will take all reasonable precautions to avoid damage or injury to subterranean structures or utilities. The Client agrees to hold CME harmless for any damages to subterranean structures which are not called to CME's attention and/or not correctly shown on the plans furnished.

Right of Entry/Worksite - Client will provide for right of entry for CME personnel and equipment necessary to complete the work. While CME will take all reasonable precautions to minimize any damage to the property it is understood by Client that in the normal course of work some damage may occur, the correction of which is not part of this agreement.

Client shall furnish or cause to be furnished to CME all documents and information known to Client that relate to the identity, location, quantity, nature or characteristics of any hazardous or toxic substances at, on or under the site. In addition, Client will furnish or cause to be furnished such other information on surface and subsurface site conditions required by CME for proper performance of its services. CME shall be entitled to rely on Client provided documents and information in performing the services required under this Agreement; however, CME assumes no responsibility or liability for their accuracy or completeness.

CME will not direct, supervise or control the work of contractors or their subcontractors. CME services will not include a review or evaluation of the contractor's (or subcontractor's) safety measures.

CME shall be responsible only for its activities and that of its employees on any site. Neither the professional activities nor the presence of CME or its employees or subcontractors on a site shall imply that CME controls the operations of others, nor shall this be construed to be an acceptance by CME of any responsibility for jobsite safety.

Indemnification - To the full extent permitted by law, Client shall indemnify, defend and hold harmless CME and its subcontractors, consultants, agents, officers, directors and employees (herein collectively referred to as Engineer) from and against all claims, damages, losses and expenses, whether direct, indirect or consequential, including but not limited to fees and charges of attorneys and court and arbitration costs, arising out of or resulting from the services of work of Engineer or any claims against Engineer arising from the acts, omissions of work of others, unless it is proven in a court of competent jurisdiction that the Engineer is guilty of negligence or willful misconduct in connection with the services and such negligence or willful misconduct was the sole cause of the damages, claims and liabilities.

Client agrees to indemnify and hold harmless Engineer from and against all claims, damages, losses and expenses, direct or indirect, and consequential damages, including but not limited to fees and charges of attorneys and court and arbitration costs, brought by any person or entity, or claims against Engineer which arise out of, are related to, or are based upon, the actual or threatened dispersal, discharge, escape, release or saturation or smoke, vapors, soot, fumes, acids, alkalis, toxic chemical, radioactive materials, liquids, gases or any other material, upon, in or into the surface or subsurface soil; water or watercourse; objects; or any tangible or intangible matter.

To the fullest extent permitted by law, such indemnification shall apply regardless of the fault, negligence, breach of warranty or contract or strict liability of Engineer. This indemnification shall not apply to claims, damages, losses or expenses which are determined by a court of competent jurisdiction to be the sole result of negligence or willful misconduct by the Engineer of obligations under this Agreement.

Limitations of Liability - CME's total liability to Client for any and all injuries, claims, losses, expenses or damages whatsoever arising out of, or in any way related to, this Agreement from any cause or causes, including but not limited to CME's negligence, errors, omissions, strict liability, breach of contract or breach of warranty, shall not exceed the total contract amount for the services provided by CME or \$50,000, whichever is less.

In no event shall CME be liable for consequential damages, including, without limitation, loss of use or loss of profits, incurred by Client or their subsidiaries or successors, regardless of whether such claim is based upon alleged breach of contract, willful misconduct, or negligent act or omission.

Professional services rendered for a Client shall be provided for that Client. The Client is responsible for the proper operation and use of the subject facilities and/or report and nothing herein shall provide any rights to any third party. The Client, in authorizing CME to proceed, acknowledges that the professional responsibility is limited.

Termination - This Agreement may be terminated by either party upon fourteen (14) days written notice in the event of substantial failure by the other party to perform in accordance with the terms hereof. Such termination shall not be effective if that substantial failure has been remedied before expiration of the period specified in the written notice. In the event of termination, CME shall be paid for services performed to the termination notice date plus reasonable termination expenses.

In the event of termination, or suspension for more than three (3) months, prior to completion of all work contemplated by this Agreement, CME may complete such analyses and records as are necessary to complete its files and may also complete a report on the services performed to the date of notice of termination or suspension. ARTICLE 2 DESCRIPTION OF THE PROJECT

2.1 Purpose; Designation as Redeveloper. The purpose of this Agreement is to set forth the respective rights, obligations, conditions and agreements of the JCRA and Redeveloper in connection with the development of the Property by Redeveloper. The JCRA hereby affirms and agrees that Redeveloper is designated and appointed as the exclusive master redeveloper of the Property. In connection with such designation and appointment, the Redeveloper has the exclusive right to perform and to have others perform any and all redevelopment activities on and about the Property as permitted in the Redevelopment Plan. Each of the Parties agrees that all redevelopment on and about the Property will only be authorized and may only be undertaken by Redeveloper under the framework and in accordance with the terms of this Agreement and the Redevelopment Plan. Further, the JCRA agrees that, absent a

Default by Redeveloper, it will not negotiate or entertain for the provision of another redeveloper or developer for the Property or any portion thereof.

2.2 The Project. The Project shall consist of the development of a 5 story residential building containing 18 residential units including 1 affordable housing unit, and up to 2 ground floor retail/commercial storefronts, which can be divided. The Project will be developed in accordance with the Project Schedule attached hereto as **Exhibit B**, subject to potential modification in accordance with Section 2.5. Notwithstanding the foregoing, the Redeveloper shall have the right to accelerate the time frames set forth in the Project Schedule at its option. The Parties agree that the Project may be modified by the Redeveloper and the Planning Board as part of the site plan approval process and in accordance with Section 2.3 hereinafter.

A. **Affordability Controls.** Redeveloper acknowledges and agrees that the restrictions governing the marketing, selection of applications, rent and affordability of the affordable housing unit shall be governed by and consistent with the processes set forth under the City's Affordable Housing Agreement, which shall be entered within 180 days of the Effective Date of this Redevelopment Agreement. Redeveloper does hereby covenant and agree to comply with all regulations, restrictions and controls as may be required and to execute the Affordable Housing Agreement, or other documents which may be required by the City or the JCRA, in order to maintain the aforementioned Affordability Controls, which shall include recording a deed restriction that restricts the rent or use of the unit as an affordable housing unit to moderate or low income households, defined as those households at or below 80% of AMI as defined in the Affordable Housing Agreement for a term of 30 years. Redeveloper agrees that the rents for each Affordable Housing Unit shall under no circumstances exceed the Fair Market Rent ("**FMR**") established annually for the relevant bedroom size.

2.3 Project Development. The Project shall be designed in accordance with the Redevelopment Plan and Site Plan. Any modifications that would trigger a "d" variance pursuant to N.J.S.A. 40:55D-70(d) shall require the Redeveloper to seek an amendment to the Redevelopment Plan. Any modifications from the Redevelopment Plan that would be deemed a "design waiver", which shall be considered as the equivalent of and akin to the provisions of a "c" variance pursuant to N.J.S.A. 40:55D-70(c), shall be submitted to the Planning Board for consideration as part of the site plan application by Redeveloper upon notice of said application to the JCRA.

2.4 Amendment of Development and Design Concepts. Design concepts for the Project may be modified by Redeveloper from time to time, as approved by the Parties, not to be unreasonably withheld, to reflect additional detail and information, as such detail and information becomes available, or to reflect or accommodate the requirements of any Applicable Law, or to take into account engineering/construction considerations which render the then-existing design concepts impractical. Any

modification which triggers the need to amend any site plan and/or subdivision approval secured by Redeveloper shall be reviewed by the City Planning Board upon notice to the JCRA.

2.5 Development Milestones. The Redeveloper shall construct the Project or cause the Project to be constructed in accordance with the Project Schedule attached hereto as **Exhibit B** subject to extension based on an Uncontrollable Circumstance as defined in Article 10 of this Agreement. If the Redeveloper is unable to meet any date set forth on the Project Schedule, the Redeveloper shall provide notice to the JCRA stating: (i) the reason for the inability to complete the task in accordance with the applicable date, (ii) Redeveloper's proposed method for minimizing such delay, (iii) Redeveloper's anticipated schedule for completing such task, and (iv) the method or methods by which Redeveloper proposes to achieve subsequent tasks and anticipated dates if different from dates in the Project Schedule. The JCRA, in its reasonable discretion, shall approve appropriate modifications to the Project Schedule if the reason for the inability to complete a certain task is attributed to the occurrence of an Uncontrollable Circumstance or other reasonable good cause, and the Project Schedule shall be adjusted accordingly.

2.6 Qualified Entities.

A. The Project will, at Redeveloper's option, be developed, in whole or in part, by: (i) the Redeveloper, (ii) any partnership, corporation, limited liability company or other legal entity in which Redeveloper, its principals and/or any affiliate of Redeveloper possesses a controlling interest; or (iii) other "Qualified Entity" as determined by the JCRA pursuant to this section.

B. A "Qualified Entity" is a partnership, corporation, limited liability company or other legal entity which has demonstrated to the reasonable satisfaction of the JCRA that:

i. It has the financial capacity to undertake the development, construction and operation of the Project, including, without limitation, the capacity to obtain financing, to provide appropriate security (such as performance and completion bonds) and to otherwise satisfy its obligations with respect to the development of the Property;

ii. It is able to comply with and conform to all of the provisions of this Agreement as they relate to the development of the Project in conformance with the Redevelopment Plan and expressly assumes all such obligations;

iii. No petition under federal bankruptcy laws or any state insolvency law has been filed by or against, nor has a receiver, fiscal agent or similar officer been appointed by a court for the business or property of, such entity, or any

partnership in which such entity was or is a general partner, or any entity in which such entity was or is an officer or principal manager and the holder, directly or indirectly of an ownership interest in excess of 10% (and, in the case of an involuntary proceeding, such proceeding has not been terminated within 60 days of its commencement) within the 10 full calendar years preceding the date of submission of such entity's application for consideration as a Qualified Entity;

iv. Such entity and its principals, directors, officers, partners, shareholders, and members, individually, have not been convicted in a criminal proceeding, and none of them is a named subject in a pending criminal proceeding (excluding traffic violations or other similar minor offenses), and, to the best of the knowledge and belief of the principals, directors, officers, partners, shareholders, and members of such entity, is not a target of or a potential witness in a criminal investigation;

v. Such entity and its principals, directors, officers, partners, shareholders, and members, individually, have not been, directly or beneficially, a party to or beneficiary of any contract or agreement with the JCRA, the City or Redeveloper which has been terminated due to a default by such individual, partnership or entity or which is currently the subject of a dispute in which the JCRA, the City or Redeveloper alleges such default, nor is such individual, partnership or entity an adverse party in any currently pending litigation involving the JCRA, City or Redeveloper;

vi. Such entity and its principals, directors, officers, partners, shareholders, and members, individually, have not been found in any civil or criminal action in or by a court or agency of competent jurisdiction to have violated any Federal or State law or regulation relating to the sale of securities or commodities or been enjoined from engaging in any trade or business for any reason other than the violation of a contractual non-competition provision;

vii. Such entity and its principals, directors, officers, partners, shareholders, and members, individually, have not violated any City, State, or Federal ethics law and entering into the proposed transaction with Redeveloper and the JCRA will not cause any such violation or result in a conflict of interest; and

viii. Such entity and its principals, directors, officers, partners, shareholders, and members, individually, shall comply with any other conditions that the JCRA may find reasonably necessary in order to achieve and safeguard the purposes and objectives of the Redevelopment Plan.

C. **Redeveloper as Qualified Entity.** Redeveloper has presented evidence of its credentials as a Qualified Entity and further represents and warrants herein that it meets the above criteria for a Qualified Entity and, based upon such evidence and representation, Redeveloper is hereby deemed a Qualified Entity.

D. Qualified Entity Approval Process. The Redeveloper shall provide written notice to the JCRA of any entity which Redeveloper desires be approved by the JCRA as a Qualified Entity. Within 30 days after the date of such notice from Redeveloper, the JCRA shall provide written notice to Redeveloper either: 1) requesting additional information concerning the proposed entity, 2) approving such entity as a Qualified Entity, or 3) refusing to approve of such entity as a Qualified Entity, setting forth the basis for such denial, with reference to the conditions set forth in Section B(i) through (viii) above. Approval by the JCRA of an entity as a Qualified Entity shall authorize such entity to be considered a Redeveloper or hold a beneficial interest in the Redeveloper. In the event of a denial by the JCRA of an entity as a Qualified Entity as provided above, or in the event the JCRA requests additional information, Redeveloper may resubmit its request to the JCRA that the subject entity be approved as a Qualified Entity, and Redeveloper shall in such resubmitted request set forth additional information and/or such reasons that demonstrate why Redeveloper believes the subject entity to be a Qualified Entity. Within 30 days after the date of such further request from Redeveloper, the JCRA shall provide written notice to Redeveloper stating whether the JCRA approves of such entity as a Qualified Entity and, if the JCRA does not approve of such entity as a Qualified Entity, such denial must be based on specific conditions set forth in Section B(i) through (viii) above, as specifically identified by the JCRA.

ARTICLE 3

PROCEDURES GOVERNING REVIEW AND APPROVAL OF APPLICATION FOR REDEVELOPMENT PROJECT

3.1 Procedures; General. In order to facilitate the development and implementation of a mutually acceptable design, site plan and technical approach for the Project, the Parties have established the procedures set forth in this Article for the following review and approval process. The development shall proceed in accordance with the LRHL and the MLUL before the Jersey City Planning Board, and the Redeveloper shall provide notice of said application to the JCRA. Nothing herein is intended to restrict the exercise of the Planning Board's governmental authority with respect to applications for site plan approval under duly adopted rules and regulations or to in any way alter the procedures established for challenging the exercise of such authority pursuant to the MLUL.

3.2 JCRA Approval of Site Plan. No later than 180 days following the Effective Date of this Agreement ("**Approval Period**"), the Redeveloper shall, at its own cost and expense, cause to be prepared by a New Jersey licensed architect, surveyor, engineer and/or other professionals, as necessary, a preliminary site plan for the construction of the Project consistent with the Redevelopment Plan and provide separate metes and bounds descriptions of the Property. Thereafter, the JCRA will review and approve the Site Plan, including the building orientation, architectural style

and building materials to be used for the improvements, facilities, and parking, as being in conformance with this Agreement. If planning or engineering concerns raised by the Redeveloper dictate that revisions be made to the Site Plan before submission of the same to the Planning Board, the revised Site Plan shall be resubmitted to the JCRA, which shall have 15 days after receipt thereof to approve the revised plans, or to furnish the Redeveloper, in writing, notice of any changes or modifications, and the reasons for the same, required to be made in order to render the plans in conformity with the Redevelopment Plan and this Agreement. The Redeveloper agrees that no Site Plan or application for subdivision approval, shall be filed with any public authority without the prior written approval of the JCRA, it being agreed that the JCRA has a vested interest therein. In the event that the JCRA fails to notify the Redeveloper within 15 days of its receipt of revised plans, of any proposed objections or modifications requested by the JCRA, then the JCRA shall be deemed to have accepted the amended Site Plan.

3.3 Other Governmental Approvals. It is acknowledged by the Parties that it may be necessary for the Redeveloper to obtain approvals or permits from other governmental agencies in order to undertake development of the Project. The Redeveloper agrees that it will take all necessary steps to prepare and apply for and proceed diligently to obtain any needed permits and approvals for the Project in a timely fashion and utilizing commercially reasonable efforts. The JCRA agrees to provide any pertinent information in its possession and to provide any reasonable assistance, without cost or expense to the JCRA, which may be required of it to enable Redeveloper to properly apply for and obtain such permits or approvals in a timely fashion, including making applications in the name of the JCRA if requested by Redeveloper or if required by law to do so. The JCRA agrees to support and endorse any applications for any Governmental Approvals required for the Project. Redeveloper shall report to the JCRA on a monthly basis the status of such applications and Approvals.

3.4 Extension of Approval Period. So long as the Redeveloper is diligently pursuing its approvals, the Redeveloper will have the option to extend the Approval Period for 1 additional period of 180 days, by providing written notice to the JCRA prior to the expiration of the Approval Period.

3.5 Termination. In the event that the Redeveloper has not acquired all approvals necessary to construct the project prior to the expiration of the Approval Period, as extended pursuant to the terms hereof, either party shall have the right to terminate this Agreement, whereupon the JCRA will return any unused escrows and administrative fees and the parties shall have no further liability to each other.

ARTICLE 4 CONSTRUCTION OF PROJECT

4.1 Reports on Progress. Upon reasonable request of the JCRA, to be made not more than quarterly, the Redeveloper shall submit a report in writing concerning

the progress of the Project. The work and construction activities of the Redeveloper shall be subject to inspection by the JCRA at reasonable times and upon reasonable notice to the Redeveloper.

4.2 Suspension of Construction.

A. The Redeveloper shall not suspend or discontinue the performance of its obligations under this Agreement (other than in the manner provided for herein) for any reason, including, without limiting the generality of the foregoing, any acts or circumstances that may constitute failure of consideration, commercial frustration of purpose, or any damage to or destruction of the Project or Property, except in the event of an extension pursuant to Section 2.5 or occurrence of an Uncontrollable Circumstance as set forth in Article 10 herein.

B. If the Redeveloper shall abandon or substantially suspend construction activities on the Project for a period in excess of 90 days for reasons other than an extension pursuant to Section 2.5 or an Uncontrollable Circumstance, and the suspension or abandonment is not cured, remedied or explained in writing within 30 days after written demand by the JCRA to do so, or such a period of time as reasonably necessary and appropriate, then such shall constitute an Event of Default by the Redeveloper under this Agreement and the JCRA shall have the right to seek any remedies pursuant to this Agreement and all other remedies available to the JCRA at law or in equity.

4.3 Certificates of Occupancy and Certificate of Completion.

A. Upon Completion of the construction of the Improvements and/or each unit, as may be applicable, in accordance with the Governmental Approvals, the Redeveloper may apply to the City for a Certificate of Occupancy for the Project or completed unit(s).

B. Upon Completion of the overall Project, for purposes of releasing the restrictions referenced in this Agreement, and under the Applicable Laws, the JCRA shall issue a Certificate of Completion in proper form for recording, which shall acknowledge that the Redeveloper has performed all of its duties and obligations under this Agreement and has completed construction of the Project in accordance with the requirements of the Applicable Laws, the Redevelopment Plan, Affordable Housing Agreement, and this Agreement. The Certificate of Completion shall constitute a recordable conclusive determination of the satisfaction and termination of the restrictions, obligations and covenants contained in this Agreement and in the Redevelopment Plan with respect to the Redeveloper's construction of the Project. Upon issuance of a Certificate of Completion: (a) the agreements, restrictions, and covenants set forth in this Agreement, including, without limitation, Section 6.3 hereof, shall cease and terminate, except for those covenants and restrictions set forth in

Section 6.3 hereof which shall survive in accordance with the terms of Section 6.3 and (b) the conditions determined to exist at the time the Property was determined to be in need of redevelopment shall be deemed to no longer exist, and (c) the land and Improvements constituting the Project and the Property shall no longer be subject to eminent domain based upon such conditions. If the JCRA shall fail or refuse to provide the Certificate of Completion within 30 days after written request by the Redeveloper, the JCRA shall provide to the Redeveloper a written statement setting forth in detail the respects in which it reasonably believes that the Redeveloper has failed to complete the Project, or portion thereof, in accordance with the provisions of this Agreement or is otherwise in default under this or any other applicable agreement and what reasonable measures or acts shall be necessary in order for the Redeveloper to be entitled to a Certificate of Completion. Upon receipt of the Certificate of Completion, the Redeveloper may record it in the County Clerk's office.

4.4 Design Elements.

A. **Utility services and electrical lines.** The cost for on-site and off-site utility upgrades and installations, if required directly in relation to the Project, shall be the sole responsibility of the Redeveloper.

B. **Streetscape Improvements.** All costs for required streetscape improvements are the responsibility of the Redeveloper. If required by the Site Plan, such streetscape improvements may include: landscaping, lighting, public furniture and all other on-site improvements located between the curb and the Improvements.

4.5 Contribution to Costs and Financial Obligations.

A. **Escrow and Administrative Fees.** Pursuant to JCRA policy, the Redeveloper shall post a redevelopment escrow of \$10,000 to be held by the JCRA to cover professional fees associated with the Project that are not addressed by provisions of the MLUL. Further, based on the total estimated project costs, an administrative fee of \$5,000 shall also be paid to the JCRA on the Effective Date, and on the same date annually thereafter, until the issuance of the Certificate of Completion to cover the JCRA's administrative expenses.

B. **JCRA Costs.** JCRA Costs shall include, but not be limited to any fees and costs of any professional consultant, contractor or vendor retained by the JCRA to complete due diligence with respect to the terms of this Agreement or other ancillary agreements between the Parties and for legal and other fees in completing oversight and assistance in the implementation of the Project and in preparing documentation necessary to memorialize the agreements of the Parties including attorneys, planners and financial consultants, among others, and all other out-of-pocket costs and expenses of the JCRA incurred in its assistance in implementation, facilitation or defense of the

Project, pursuant to the LRHL (N.J.S.A. 40A:12A-8) prior to issuance of a Certificate of Completion.

C. **Procedure.** The JCRA shall provide the Redeveloper with invoices, provided within 5 days of Redeveloper's request, setting forth JCRA Costs incurred prior to the Effective Date and on a quarterly basis thereafter. Within 30 days of the receipt by the Redeveloper of written notice from the JCRA that the amount in the Escrow Account has decreased to \$5,000, the Redeveloper shall replenish the Escrow Account with the JCRA to the amount of \$10,000. If the JCRA Costs incurred exceed the amount in the escrow account, the Redeveloper will pay such costs upon 30 days written notice from JCRA that such costs are due. In the event that Redeveloper disputes a request for payment by the JCRA, Redeveloper shall provide written notice of its objection within 30 days of receipt of the request, which written notice shall set forth the basis for the objection and the amount disputed. Following delivery of a timely objection, the Parties shall negotiate in good faith in an effort to resolve the dispute. Upon termination or expiration of this Agreement, all funds remaining unexpended in the Escrow Account shall be returned to Redeveloper.

D. **Planning Board Costs.** The Redeveloper shall post with the Planning Board such escrow fees as necessary to reimburse the Planning Board for its professional, expert, engineering and legal costs incurred in the application review and determination process in accordance with the provisions of the MLUL.

4.6 Neighborhood Impacts. The Redeveloper acknowledges that the construction of the Project will have certain impacts on the neighborhoods in the vicinity of the Property, which may result in some temporary inconveniences during the time that construction takes place. Therefore, the Redeveloper, in concert with the JCRA and the City, shall make its best efforts to minimize any potential negative effects that the construction or completion of the Project may produce.

4.7 Maintenance of the Project Improvements. Following commencement of physical construction of the Project Improvements, the Redeveloper will maintain all Project Improvements including the buildings, parking areas, landscaping, and all such issues identified in the property maintenance code of the City until such time as Redeveloper no longer owns or leases the Redevelopment Area or part thereof.

4.8 Traffic Control. The Redeveloper agrees that the direction, flow and amount of traffic in and around the Redevelopment Area is an issue to be addressed during the construction of the Project Improvements. The Redeveloper will exert reasonable efforts to minimize the traffic impacts of construction of the Project Improvements upon the surrounding neighborhoods.

4.9 Access to the Property. During the course of construction of the Project, the JCRA and its authorized representatives shall have the right to enter the Property

during regular business hours to inspect the Project and any and all work in progress for the purpose of furthering its interest in this Agreement. The JCRA will provide the Redeveloper with at least one business day's prior notice of its intent to inspect the Project and shall not unreasonably interfere with the construction of the Project during any such inspection. In no event shall the inspection of the Project (or any construction activities related thereto) be deemed acceptance of the work or be deemed to waive any right the JCRA has under this Agreement, nor shall it create any hardship upon the Redeveloper and/or interfere with or cause delay to construction.

iii. In the sale, lease or occupancy of the Property or any part thereof, not effect or execute any covenant, agreement, lease, conveyance or other instrument whereby the land or any building or structure erected or to be erected thereon is restricted upon the basis of age, race, color, creed, religion, ancestry, national origin, sex, disability, gender identity or expression, military service, familial status, affectional or sexual orientation, or marital status, and the Redeveloper, its successors and assigns shall comply with all State and local laws prohibiting discrimination or segregation by reason of age, race, color, creed, religion, ancestry, national origin, sex, disability, gender identity or expression, military service, familial status, affectional or sexual orientation, or marital status to the extent required by the Applicable Law;

C. Effect and Term of the Covenants and Restrictions. Subject to the provisions of Section 6.3 hereof it is intended and agreed, and the deeds and the Declaration shall so expressly provide to the extent permitted by Applicable Law, that the Covenants and Restrictions set forth in Section 6.3 hereof shall be covenants running with the land and that they shall, in any event, and without regard to technical

classification or designation, legal or otherwise, and except only as otherwise specifically provided in this Agreement, be binding, to the fullest extent permitted by law and equity, for the benefit and in favor of, and enforceable by, the JCRA, its successors and assigns, and any successor in interest to the Property, or any part thereof, against the Redeveloper, its successors and assigns and every successor in interest therein, and any party in possession or occupancy of the Property or any part thereof. It is further intended and agreed that the Covenants and Restrictions set forth in Section 6.3 hereof shall remain in effect until the issuance by the JCRA of a Certificate of Completion, as provided in Section 4.3, hereof, at which time all agreements, obligations, Covenants and Restrictions shall cease and terminate.

D. **Enforcement by the JCRA.** In amplification, and not in restriction of the provisions of this Article, it is intended and agreed that the JCRA and its successors and assigns shall be deemed beneficiaries of the Covenants and Restrictions set forth in Section 6.3 hereof both for and in their own right but also for the purposes of protecting the interests of the community and other parties, public or private, in whose favor or for whose benefit such agreements and covenants shall run in favor of the JCRA for the entire period during which such Covenants and Restrictions shall be in force and effect, without regard to whether the JCRA has at any time been, remains, or is an owner of any land or interest therein to or in favor of which such Covenants and Restrictions relate. The JCRA shall have the right, in the event of any breach of any such Covenants and Restrictions, to exercise all the rights and remedies and to maintain any actions or suits at law or in equity or other proper proceedings to enforce the curing of such breach of such Covenants and Restrictions, to which they or any other beneficiaries of such Covenants and Restrictions may be entitled.

ARTICLE 7 DEFAULT

7.1 Events of Default. Each of the following shall constitute an event of default ("**Event of Default**") by the applicable party, respectively:

A. Any Party fails to make payment of any sum payable to the other party hereunder, as the same shall become due and payable, or fails to fulfill any obligation hereunder within the time prescribed, and such failure shall have continued for a period of 45 days after receipt of written notice specifying such failure, and demanding that same be remedied;

B. Any Party or its successor in interest shall violate any of its Covenants, Representations, Declarations, or obligations to perform under the terms of this Agreement or the Affordable Housing Agreement and failure shall have continued for a period of 45 days after receipt of written notice specifying such default (or such longer or shorter time as may be specified herein), and demanding that same be remedied, to the extent not otherwise provided for herein, up to the issuance of a

Certificate of Completion; however, if, the default cannot be cured within 30 days using reasonable diligence, the non-defaulting party will extend the time to cure, provided the corrective action is instituted within 45 days and diligently pursued to completion;

C. The Redeveloper shall fail to construct the Project pursuant to the Project Schedule in **Exhibit B** or substantially suspends or abandons construction of the Project for a continuous period in excess of 120 days, subject to an extension pursuant to Section 2.5, the occurrence of an Uncontrollable Circumstance and/or as otherwise authorized by the provisions of this Agreement, and any such default, violation, abandonment, or suspension shall not be cured within 30 days after written demand by the JCRA to do so, or such longer period if not reasonably capable of cure within such 30 day period and JCRA agrees to extend such time to cure, which agreement shall not be unreasonably denied or conditioned, provided that the Redeveloper has commenced and is diligently prosecuting such cure or arrangements therefor;

D. The Redeveloper or its successor in interest shall fail to pay any Impositions when due, or shall suffer any levy or attachment to be made, or any material men's or mechanics' lien, or any other unauthorized encumbrance or lien to attach that has a material adverse impact upon the Project's financial status and such Imposition shall not have been paid, or the encumbrance or lien removed or discharged or provision satisfactory to the JCRA made for such payment, removal, or discharge, within 30 days after written demand by the JCRA to do so, to the extent not otherwise provided for herein, up to the issuance of a Certificate of Completion;

E. There is, in violation of this Agreement, any transfer of the fee title to the Property or a portion thereof, except for Permitted Transfers as provided in Section 2.6 or Section 13.2, and such violation shall not be cured within 30 days after written demand served upon the Redeveloper by the JCRA; or

F. The Redeveloper is dissolved, or files a voluntary petition in bankruptcy or for reorganization or for an arrangement pursuant to the Bankruptcy Act or any similar law, federal or state, now or hereafter in effect, or makes an assignment for the benefit of creditors, or admits in writing its inability to pay its debts as they become due, or suspends payment of its obligations, or takes any action in furtherance of the foregoing; or the Redeveloper consents to the appointment of a receiver, or an answer proposing the adjudication of the Redeveloper as bankrupt or its reorganization pursuant to the Bankruptcy Act or any similar law, federal or state, now or hereafter in effect, is filed in and approved by a court of competent jurisdiction and the order approving the same shall not be vacated or set aside or stayed within 30 days from entry thereof, or the Redeveloper consents to the filing of such petition or answer.

G. In addition to all other remedies available to the JCRA, in the event Redeveloper fails to deliver the affordable housing unit required pursuant to this Agreement or the Affordable Housing Agreement, Redeveloper shall pay to JCRA upon

JCRA's written demand, damages in the amount of \$150,000 for the affordable unit not provided and \$150,000 for each additional market unit Redeveloper was able to construct as a result of any affordable housing bonuses set forth in the Redevelopment Plan. Such an Event of Default shall also be considered a material breach of this Agreement. Notwithstanding the foregoing provisions, the JCRA and the Redeveloper acknowledge that a default pursuant to this Section G cannot exist if the Redeveloper does not complete construction of the Project.

7.2 Right to Cure Upon Event of Default. Except as otherwise provided in this Agreement, in the event of any default in or breach of this Agreement or any of its terms or conditions by any party hereto or any successor to such party, such party (or successor) shall, within 30 days (or such longer, or shorter, period to the extent expressly provided above) of receiving written notice from another, proceed to cure or remedy such default or breach. In case such action is not taken or diligently pursued, or the default or breach shall not be cured or remedied within such prescribed time, or any extension of such time granted at the discretion of the non-breaching party, the non-breaching party may pursue its remedies in accordance with this Agreement.

7.3 JCRA's Remedies. If the Redeveloper shall fail to timely cure any Event of Default by the Redeveloper as set forth in Section 7.1, the JCRA shall be entitled, in its sole and absolute discretion, to:

- A. Withhold the issuance of any approval, permit or certificate in connection with the Project;
- B. Terminate this Agreement and seek reimbursement of all actual monetary damages resulting from such failure to cure the Event of Default;
- C. Call any performance or maintenance bond posted as part of the site plan approval, in accordance with the terms of such bond or as otherwise available as a matter of law; and/or
- D. Exercise any other remedies available at law or equity.

Upon termination of this Agreement based upon an Event of Default, the Redeveloper's status as the designated redeveloper for the Project and the Property shall automatically be terminated and deemed null and void. The de-designation of the Redeveloper shall be limited to the extent the Project has not been substantially Completed by the Redeveloper, it being understood and agreed that if the Redeveloper shall fail to cure any such default in accordance with Section 7.2 before substantial Completion of the Project, the JCRA may terminate this Agreement and de-designate the Redeveloper for that portion of the Project that is not substantially Completed by Redeveloper at that time and for which no Certificate of Occupancy or Certificate of Completion was issued. Such remedy shall not defeat, render invalid or limit in any way

the lien or rights or interests of holders of institutional financing as authorized and pursuant to Article 12.

7.4 Redeveloper's Remedies. If the JCRA shall fail to timely cure any Event of Default by JCRA as set forth in Section 7.1, the Redeveloper shall be entitled, in its sole and absolute discretion, to all rights and remedies available at law or in equity.

7.5 Limitation of Liability. The Parties agree that in the event of any Default or breach under this Agreement, the Parties shall look solely to the Parties hereto and their respective property interest in the Project for the recovery of any judgment or damages, and agree that no member, manager, officer, principal, employee, representative or other person affiliated with such party shall be personally liable for any such judgment or damages.

7.6 No Waiver of Rights and Remedies by Delay. Any delay by the aggrieved party in instituting or prosecuting any actions or proceedings or otherwise asserting its rights under this Agreement shall not operate as a waiver of such rights and shall not deprive the aggrieved party of or limit the aggrieved party's rights in any way (it being the intent of this provision that the aggrieved party should not be constrained so as to avoid the risk of being deprived or limited in the exercise of the remedies provided herein by those concepts of waiver, laches, or otherwise) to exercise such rights at a time when the aggrieved party may still resolve the problems by the default involved; nor shall any waiver in fact made by the aggrieved party with respect to any specific default by the other party under this Agreement be considered or treated as a waiver of the rights of the aggrieved party with respect to any other defaults by the other party under this Agreement or with respect to the particular default except to the extent specifically waived in writing.

7.7 Rights and Remedies Cumulative. The rights and remedies of the Parties to the Agreement, whether provided by law or by the Agreement, shall be cumulative and, except as otherwise specifically provided by this Agreement, the exercise by either Party of any one or more of such remedies shall not preclude the exercise by it, at the same or different times, of any other such remedies for the same default or breach or of any of its remedies for any other default or breach by the other party. No waiver made by either such party with respect to the performance, or manner or time thereof, or any obligation of the other party or any condition to its own obligation under the Agreement shall be considered a waiver of any rights of the party making the waiver with respect to the particular obligation of the other party or condition to its own obligation beyond those expressly waived in writing and to the extent thereof, or a waiver in any respect in regard to any other rights of the party making the waiver or any other obligations of the other party.

ARTICLE 8 INSURANCE

8.1 The Redeveloper shall provide and maintain the following insurance or require its contractors and subcontractors to maintain such insurance and name the JCRA as an additional insured under such policies (other than the Worker's Compensation Insurance), as applicable, in connection with the work to be performed under this Agreement until such work has been Completed, and furnish the JCRA, within 30 days of the Effective Date, with a copy of certificates of insurance evidencing that the Redeveloper has obtained such insurance, as applicable:

A. **Contractor's Comprehensive General Liability and Property Damage Insurance** - with combined single limits of not less than \$1,000,000 per occurrence with respect to comprehensive general liability, bodily/personal injury and property damage and shall include broad-form contractual coverage and indemnification and hold harmless provisions.

C. **Worker's Compensation Insurance** - coverage as required by state law for all employees who will be engaged in the work associated with this Agreement. The Redeveloper shall require all subcontractors to provide similar worker's compensation insurance for all of their employees, unless those employees are covered under the Redeveloper's insurance.

D. **Certificates.** All insurance certificates provided by the Redeveloper under this Agreement shall stipulate that the insurance will not be changed or canceled without giving at least 30 days' written notice to the JCRA by certified mail.

E. **Performance and Maintenance Bonds.** The Redeveloper shall, as required pursuant to Resolution of the Planning Board for preliminary and final site plan approval, post the appropriate performance and maintenance bonds in amounts to be determined by the Planning Board and its professionals pursuant to the MLUL.

ARTICLE 9 INDEMNITY

9.1 Obligation to Indemnify. The Redeveloper agrees to indemnify and hold the JCRA and its officials, agents, servants, employees and consultants (collectively, the "**Indemnified Parties**") harmless from and against any and all claims, demands, suits, actions, recoveries, judgments, and costs and expenses in connection therewith of any kind or nature, however arising, imposed by law or otherwise (including reasonable

attorneys' fees and expenses and experts' fees and expenses) (collectively, "**Claims**") which the Indemnified Parties may sustain, be subjected to or be caused to incur, by reason of personal injury, death or damage to property, arising from or in connection with the implementation, construction or maintenance of the Project, or any activities of or on behalf of the Redeveloper within the Property, except that to the extent that any such claim or suit arises from the intentional or willful wrongful acts or omissions, or grossly negligent acts or omissions of the Indemnified Parties. The JCRA shall provide notice to the Redeveloper of the subject Claims as soon as reasonably possible after their occurrence but in any case within 10 days of the JCRA receiving actual or constructive notice of the subject Claims, provided, however, that in the event such notice is not timely received, the Redeveloper shall only be excused of its obligations hereunder to the extent it is prejudiced by the failure to timely receive said notice. The obligation to indemnify the Indemnified Parties shall survive the termination or expiration of this Agreement with respect to any Claims arising from any activities occurring prior to the issuance of a Certificate of Completion.

ARTICLE 10

UNCONTROLLABLE CIRCUMSTANCES

10.1 Definition of Uncontrollable Circumstances. For purposes of this Article and as otherwise used in this Agreement, "Uncontrollable Circumstances" shall mean any of the events or conditions set forth below, or any combination thereof, that has had or may reasonably be expected to have a material and adverse effect on the ability of a party to perform its obligations (an "**Affected Party**") under this Agreement:

A. An act of God including severe natural conditions such as landslide, lightning, earthquake, flood, hurricane, blizzard, tornado or other severe weather conditions, severe sea conditions affecting delivery of materials or similar cataclysmic occurrence, nuclear catastrophe, an act of public enemy, terrorism, war, blockade, insurrection, riot, general arrest or general restraint of government and people, or any other similar act or event outside the control of the Affected Party; provided however, that any question as to whether any such conditions should be deemed to constitute an Uncontrollable Circumstance shall be considered in light of good engineering practice and industry standards to protect against reasonably foreseeable severe natural weather conditions, taking into account the geographic location and topographic and geotechnical conditions of the Project.

B. The condemnation, taking, seizure, involuntary conversion or acquisition of title to or use of the Property, or any material portion or part thereof, by the action of any federal, state or local government or governmental agency or authority.

C. Delays incurred in obtaining Governmental Approvals caused solely by the approving agency after the Affected Party has taken all required action in

obtaining such Approval and the continued delay is outside and beyond the control of the Affected Party.

D. Delay caused by the failure of any third party, including governmental entities, to timely inspect improvements or take other actions necessary for the construction of the Project to proceed.

E. Delays resulting from legal challenges brought to challenge any permit and/or Approval related to this Project by third-parties over whom the Affected Party has no control that have a material and adverse effect upon the Affected Party's ability to perform its obligations under this Agreement.

F. Labor union strikes or similar labor union action by equipment manufacturers, suppliers of materials, employees or transporters of same, to the extent that such labor union strikes relate to general labor disputes that are non-specific to the Project of the Redeveloper and have a material and adverse effect upon the Affected Party's ability to perform its obligations under this Agreement.

G. The unavailability of suitable fill or materials required for performance of the work related to the Project due to fluctuations in the historically reasonable commercial rates for fill or materials, shortages of same in the market place and/or the inability to obtain transportation services for transporting fill or materials to the Property or the Project area as a result of a public or private labor dispute.

10.2 Notice of Uncontrollable Circumstance. If an Uncontrollable Circumstance has occurred and is continuing, the Affected Party wishing to suspend its performance as a result of such Uncontrollable Circumstance shall provide written notice thereof to the other party as promptly as is reasonably possible under the circumstances and in all events within 30 days following such party's actual knowledge of the occurrence of such Uncontrollable Circumstance.

10.3 Effect on Obligations.

A. In the event of an Uncontrollable Circumstance, the applicable deadline, obligation or term affected by such Uncontrollable Circumstance shall be extended for a period of time equal to the delay caused by the Uncontrollable Circumstance.

B. The performance, non-performance or delay in performance by the Parties or either of them of any obligation, requirement, commitment or responsibility set forth in this Agreement shall not be deemed to be an Event of Default where such performance, failure of performance or delay in performance is/are the result of an Uncontrollable Circumstance, provided, however, that the Uncontrollable Circumstance (a) was not invoked in bad faith or intentionally by a Party, (b) was not

the result of any unlawful action or non-action of the Affected Party as justification for the performance, failure of performance or delay in performance of the subject obligation, requirement, commitment or responsibility, and (c) the Affected Party takes all reasonable efforts within its power to timely mitigate the Uncontrollable Circumstance.

C. Each party shall diligently and in good faith seek to mitigate the effect of such Uncontrollable Circumstance and to perform its obligations to the extent practicable notwithstanding the occurrence of an Uncontrollable Circumstance and to overcome such Uncontrollable Circumstance as soon as is possible or practicable.

D. Reinstatement of Performance Obligations. The performance by the Parties of any obligation under this Agreement excused as aforesaid shall be recommenced as promptly as is legally and reasonably practicable after the occurrence of an Uncontrollable Circumstance and, in the case of the party not seeking to delay its performance based upon such Uncontrollable Circumstance, after receipt by such party from the Affected Party of written notice that the Uncontrollable Circumstance is no longer occurring and that such party can resume performance of its obligations under this Agreement.

10.4 Defense of Approvals. Notwithstanding any of the above, the Redeveloper shall assume the defense to any challenge to any permit and/or Approval it requires to proceed with the Project without cost to the JCRA so as to continue to move forward with the Project. Any such litigation shall be deemed to be an Uncontrollable Circumstance.

CONSTRUCTION AND PROJECT FINANCING**

12.1 Redeveloper's Commitment to Finance Project.

A. The Redeveloper represents and warrants that it has obtained or can obtain and will commit the requisite equity and debt financing in an amount necessary to implement and complete the Project within 24 months of the Redeveloper obtaining all Governmental Approvals, and in any case, at least 30 days prior to commencement of construction of the Project. This Agreement is subject to the Redeveloper securing the necessary financing to complete the Project pursuant to the Project Schedule attached hereto as **Exhibit B**. The JCRA agrees to accept a letter, in form and substance reasonably acceptable to the JCRA, from one or more financial institutions, which evidences a firm commitment to provide the necessary financing to complete the Project.

B. It is acknowledged that the Redeveloper may seek a tax abatement or exemption on the Project. This request is subject to approval by the City's governing body of a financial agreement to be adopted by ordinance pursuant to the Long Term Tax Exemption Law.

12.2 Rights of Institutional Mortgagee. Any financial institution lending money on the security of the Property for the Project shall be entitled to the protection of N.J.S.A. 55:17 providing for notification, right to cure, right to possession, right to assume control of mortgagor, right to enter into possession of and operate premises, right to the entry of a judgment of strict foreclosure, right to recover on the underlying loan obligation without first proceeding with foreclosure, right to proceed to foreclosure, separately from or together with suit on the underlying obligation, and such other rights all as specifically provided in N.J.S.A. 55:17-8.

A. This Agreement as a financial arrangement made by a governmental body or agency of the State of New Jersey pursuant to statutes in connection with a project for redevelopment, renewal or rehabilitation, shall continue in full force and effect beyond any default in or foreclosure of any mortgage loan made to finance the project, as though such default or foreclosure had not occurred, subject to the provision of N.J.S.A. 55:17.

B. The JCRA agrees that its rights under this Agreement are and shall be subordinate to the rights of any institutional lender and agrees to execute any further subordination and attornment documents that may reasonably be required by an institutional lender and further to make any technical, non-substantive, modifications to this Agreement that may be required by an institutional lender.

12.3 Rights of Mortgagees. Notwithstanding any other provision of this Agreement, the holder of any mortgage (including any such holder who obtains title to the Property or any part thereof), or any other party who thereafter obtains title to the Property or such part from or through such holder or any purchaser at foreclosure sale or through other court proceedings or action in lieu thereof shall in no way be obligated by the provisions of this Agreement to construct or complete the Project except to secure and make the Project site and Property safe, or to guarantee such construction or completion; nor shall any covenant or any other provision in this Agreement or any deeds conveying the Property to Redeveloper be construed to so obligate such holder, provided that nothing in this Agreement shall be deemed or construed to permit or authorize any such holder to devote the Property or any part thereof to any uses, or to construct any improvements thereon, other than those uses or improvements provided, or permitted under the Redevelopment Plan or otherwise approved by the JCRA.

12.4 Notice to Mortgagee. Whenever the JCRA shall deliver any notice or demand to Redeveloper with respect to any breach or Default by Redeveloper of its obligations or covenants under this Agreement, the JCRA may at the same time forward

a copy of such notice or demand to each holder of any mortgage at the last known address of such holder shown in the land records of the County, in which case notice that such breach or Default subsequently has been cured shall also be provided by the JCRA to each such holder of any mortgage.

12.5 Mortgagee's Right to Cure Redeveloper's Default. After any breach or Default referred to in Section 7, each holder shall have the right, at its option and to the extent permitted by the loan/mortgage documents, to cure or remedy such breach or Default (if the holder shall opt to cure or remedy the breach or Default, the times to cure provided herein shall be extended for such a period of time equal to the time otherwise applicable to Redeveloper for cure) and to add the cost thereof to its mortgage. If the breach or Default is with respect to construction of the Project, nothing contained in this Agreement shall be deemed to require the holder to obtain the JCRA's approval, either before or after foreclosure or action in lieu thereof, to undertake or continue the construction or Completion of the Project. Any such holder who shall properly Complete the Project or applicable part thereof shall be entitled, upon written request made to the JCRA, to receive the Certificate of Occupancy for the units or buildings within the Project and the Certificates of Completion as set forth in Section 4.3 hereof, and such Certificate shall mean and provide that any remedies or rights that JCRA shall have or to be entitled to due to the failure of Redeveloper or any successor in interest to the Property, or any part thereof, to cure or remedy any Default with regard to construction of the Project or applicable part thereof, or due to any other Default in or breach of this Agreement by Redeveloper or such successor, shall not apply to the part or unit of the Property to which such Certificate relates.

The prohibition in this Section 13.1 shall apply to any sale, transfer, pledge, or hypothecation of a controlling interest in Redeveloper or the Project. The foregoing shall not apply, however, to a change of form of the Redeveloper entity, provided that there is no change in the controlling interest of Redeveloper. The restrictions in this Section 13.1 shall not apply to conveyances set forth in Section 13.2 and these restrictions shall no longer apply to any individual unit for which a Certificate of Occupancy or Certificate of Completion has been issued.

13.4 Subsequent Conveyance by Redeveloper. Upon issuance of a Certificate of Completion for any portion of the Project, the Redeveloper shall have the right to sell, lease or otherwise transfer, convey or encumber any such portion of the Project without the consent of the JCRA and free of any restrictions imposed by this Agreement, except the Declarations that expressly survive such transfer or conveyance.

If applicable, a copy of the fully executed PLA shall be provided to the City within 14 days of the Redeveloper's receipt of a project labor agreement that is fully and unconditionally executed by all applicable Persons.

15.3 Living Wage Mandate. The Redeveloper shall comply, and to the extent applicable, require the tenants to comply, with the requirements of Section 3-76 of the Jersey City Municipal Code concerning required wage, benefit and leave standards for building service workers. All leases executed by the Redeveloper, as landlords, shall set forth a requirement that such tenant is required to comply with Section 3-76 of the Jersey City Municipal Code.

15.4 Opportunities for Local Residents during Construction. The Redeveloper shall make a good faith effort to encourage 20% local resident participation in the construction of the Project. The Redeveloper shall be deemed to have satisfied the good faith effort requirement contained in this Section if the Redeveloper takes the following actions:

A. Hold a pre-qualification information session (the "**Workforce Information Session**"), in coordination with the Director of Compliance for the City, or

designated representative, prior to the solicitation of bids and pricing for the Project to encourage local contractors/subcontractors to bid on the Project.

B. Notify contractors/subcontractors before executing a contract and/or prior to pre-bid and pre-construction meetings about the required good faith effort to engage local residents, in the construction of the Project.

C. As part of the Workforce Information Session, notify contractors, subcontractors and prospective tenants/operators of the Project of the Session; provide information (to the extent known) to attendees of potential short term and long term positions with respect to the Project; collect resumes and job applications from those who attend; and make those resumes and job applications available to the contractors, subcontractors and prospective tenants/operators of the Project.

D. Participate in the Jersey City Summer Internship Program annually during the term of this Agreement or cause an affiliate of the Redeveloper, or the general contractor for the Project to do so. Applications for the internships can be submitted at the Workforce Information Session.

E. Regularly contact and cooperate with the Director of Compliance for the City, or designated representative, in connection with workforce opportunities. Notify the Director of Compliance for the City of workforce needs for the Project so that the Director may refer qualified City residents to meet the workforce needs of the Project.

F. Provide written outcome assessment reports to the City and the Agency within 60 days after completion of the Project detailing how many City residents and contractors participated in the Workforce Information Session, how many City residents and contractors were employed or engaged in connection with the Project, the job titles for those employed, the scope of work for those contractors engaged, and whether any of such employees and/or contractors were still retained in those positions as of the date of the outcome assessment.

15.5 Equal Employment Opportunity. The Redeveloper agrees that during the construction of Improvements:

A. The Redeveloper will not discriminate against any employee or applicant for employment because of age, race, creed, color, religion, sex, affectional or sexual orientation, ancestry, marital status, civil union status, domestic partnership status, nationality, gender identity or expression, disability, or national origin. The Redeveloper will take affirmative action to insure that applicants are employed, and that employees are treated during employment, without regard to their age, race, creed, color, religion, sex, affectional or sexual orientation, ancestry, marital status, nationality, gender identity or expression, disability, or national origin. Such action shall

include, but not be limited to, the following: employment, upgrading, demotion, or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Redeveloper agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause and any such notices provided by the Agency which are consistent therewith.

B. The Redeveloper will, in all solicitations or advertisements for employees placed by or on behalf of the Redeveloper; state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, religion, ancestry, marital status, sex, affectional or sexual orientation, gender identity or expression, disability, nationality or national origin.

C. The Redeveloper will comply with all rules, regulations, and relevant orders of the Secretary of Labor of the State of New Jersey.

D. The obligations in this Section shall be binding on all contractors and subcontractors to the extent that any work is done by any contractor or subcontractor, and any contract entered into by the Redeveloper shall so provide.

ARTICLE 16 MISCELLANEOUS

16.1 Term. Except for those provisions expressly surviving termination, this Agreement shall terminate upon the earlier of: (i) Completion of the Project, or (ii) the expiration prior to the start of construction of the Planning Board approval for the Project, after any applicable extensions granted by the Planning Board; or (iii) the earlier termination of this Agreement pursuant to its express terms.

16.2 JCRA's Right to Engineering and Architectural Data. Upon termination of this Agreement pursuant to any provisions hereof, the Redeveloper shall furnish to the JCRA without charge or fee, reproducible copies of all surveys, engineering and architectural studies, drawings, and reports, including those obtained by the Redeveloper through having performed soils testing and analysis and other data prepared by or for the Redeveloper with respect to the Project and the contemplated development thereof.

16.3 Right of Entry for Utility Service. The JCRA reserves for itself, the City, and any public utility company, as may be appropriate, the unqualified right to enter upon the Property at any reasonable time for the purpose of reconstructing, maintaining, repairing or servicing the public utilities located with the Property's boundary lines.

16.4 Redeveloper Not to Construct Over Utility Easements. The Redeveloper shall not construct any building or other structure or improvement on, over or within the boundary lines of any easement for public utilities unless such construction is provided for in such easement or has been approved by the JCRA and the City. If approval for such construction is required by the Redeveloper, the JCRA shall use its best efforts to assure that such approval shall not be unreasonably withheld.

16.5 No Third Party Beneficiaries. The provisions of this Agreement are for the exclusive benefit of the Parties hereto and not for the benefit of any third person, nor shall this Agreement be deemed to have conferred any rights, express or implied, upon any third person.

16.6 Amendment; Waiver. No alteration, amendment or modification of this Agreement shall be valid unless executed by an instrument in writing by the Parties hereto with the same formality as this Agreement. The failure of the City or Redeveloper to insist in any one or more instances upon the strict performance of any of the covenants, agreements, terms, provisions or conditions of this Agreement or to exercise any election contained in this Agreement shall not be construed as a waiver or relinquishment for the future of such covenant, agreement, term, provision, condition, election or option, but the same shall continue and remain in full force and effect. No waiver by the City or Redeveloper of any covenant, agreement, term, provision or condition of this Agreement shall be deemed to have been made unless expressed in writing and signed by an appropriate official on behalf of the City or Redeveloper.

16.7 Consents. Unless otherwise specifically provided herein, no consent or approval by the JCRA or Redeveloper permitted or required under the terms of this Agreement shall be valid or be of any force whatsoever unless the same shall be in writing, signed by an authorized representative of the party by or on whose behalf such consent is given. Whenever this Agreement requires the consent or approval of the JCRA or the Redeveloper, or any officers, agents or employees of either Party, such approval or consent shall not be unreasonably withheld, delayed or conditioned and shall be given within a reasonable time if said time is not specifically set forth herein.

16.8 Captions. The captions of the Sections and Subsections and the Table of Contents, Schedule of Exhibits and Index of Definitions of this Agreement are for convenient reference only and shall not be deemed to limit, construe, affect, modify or alter the meaning of the articles, sections, exhibits, definitions, or other provisions hereof.

16.9 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of New Jersey, without giving effect to any principle of choice of or conflicts of laws. Any lawsuit filed by either Party to this Agreement shall be filed in either the Superior Court of New Jersey, Hudson County, or

in the United States District Court for the District of New Jersey in accordance with their respective rules of court.

16.10 Severability. If any article, section, subsection, term or provision of this Agreement or the application thereof to any party or circumstance shall, to any extent, be invalid or unenforceable, the remainder of the section, subsection, term or provision of this Agreement or the application of same to Parties or circumstances other than those to which it is held invalid or unenforceable shall not be affected thereby and each remaining article, section, subsection, term or provision of this Agreement shall be valid and enforceable to the fullest extent permitted by law, provided that no such severance shall serve to deprive either party of the enjoyment of its substantial benefits under this Agreement.

16.11 Binding Effect. Except as may otherwise be provided in this Agreement to the contrary, this Agreement and each of the provisions hereof shall be binding upon and inure to the benefit of Redeveloper, the JCRA and their respective successors and assigns.

16.12 Relationship of Parties. Nothing contained in this Agreement shall be deemed or construed by the Parties hereto or by any third party to create the relationship of principal and agent, partnership, joint venture or any association between Redeveloper and the JCRA, their relationship being solely as contracting Parties under this Agreement.

16.13 Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original but all of which together shall constitute, in connection with each of such agreements, one and the same instrument.

16.14 Prior Agreements Superseded. This Agreement repeals and supersedes any prior understanding or written or oral agreements (express or implied) between the Parties. This Agreement, together with any other documents executed by the Parties contemporaneously herewith or therewith, contains the entire understanding between the Parties with respect thereto.

16.15 Exhibits. All Exhibits referred to herein shall be considered a part of this Agreement as fully and with the same force and effect as if such Exhibits had been included within the text of this Agreement in full.

16.16 Counting of Days; Saturday, Sunday or Holiday. The word “days” as used in this Agreement shall mean calendar days unless a contrary intention is stated, provided that if the final date of any period provided in this Agreement for the performance of an obligation or for the taking of any action falls on a day other than a Business Day, then the time of such period shall be deemed extended to the next Business Day. The term “Business Day” as used herein means any day other than a

Saturday, a Sunday, or a day on which banks generally and public offices are not open under the laws of the State of New Jersey.

16.17 Affirmative Action. Should Redeveloper use any public funding or financing for the Project, which requires compliance with affirmative action requirements set forth in P.L. 1975, C. 127 (N.J.S.A. 10:5-31 to 38), the Redeveloper agrees to comply with said requirements and take reasonable action directed at compliance by its contractors and subcontractors, if applicable. This provision shall not be interpreted to apply to a tax abatement agreement or otherwise impose any obligation that does not apply under independent statutory provisions.

16.18 Non-Discrimination. The Redeveloper shall not discriminate against or segregate any person, or a group of persons, on account of race, color, religion, creed, national origin, ancestry, disability, age, marital status, sex, gender identity or expression, familial status, affectional or sexual orientation in the sale, lease, sublease, rental, transfer, use, occupancy, tenure or enjoyment of the Project; nor shall the Redeveloper itself, or any person claiming under or through the Redeveloper, establish or permit any such practice or practices of discrimination or segregation, with reference to the selection, location, number, use of occupancy of tenants, lessees, subtenants, sub lessees or vendees on the Project.

16.19 Construction. The Parties acknowledge that this Agreement has been extensively negotiated with the assistance of competent counsel for each party and agree that no provision of this Agreement shall be construed in favor of or against either party by virtue of the fact that such party or its counsel have provided an initial or any subsequent draft of this Agreement or of any portion of this Agreement.
