**SECTION 1  
GENERAL INFORMATION**

**1.1 Introduction and Purpose**

In 2018, the JCRA issued an RFP to select a Museum Development Consultant to collaborate with on the future of 25 Sip Avenue, or the Pathside Building, a building acquired by the City for development. OMA New York (“**OMA**”), led by Jason Long, was selected to work with the City to investigate what a potential future could be for the existing historic building. Through a number of stakeholder workshops and activities, surveys, and potential tenant and user meetings, it was clear that the overwhelming preference was for the new building to include exhibition gallery space, as well as space where community groups and activities could be featured. In 2019, OMA and the JCRA issued a Request for Expression of Interest for potential new cultural partners who were interested in developing and operating the building.

After extensive conversations and negotiations with a number of possible partners both within and outside the United States, in 2021 the City and the JCRA announced that they had

selected the Centre Pompidou (the “**Pompidou**”) as the international partner for Jersey City and the Pathside Building, the Pompidou’s first and only North American partnership, to create Centre Pompidou x Jersey City. The Centre Pompidou is the leading French national cultural institution established in Paris in 1977. It incorporates the Musée national d’art moderne, which houses the richest collection of modern and contemporary art in Europe, and one of the two largest in the world. More than 3.5 million visitors pour through its doors every year to take in the Pompidou’s collection, temporary exhibitions, seminars, festivals, shows and workshops made accessible for everyone. The Pompidou’s history as an institution dedicated to multiple forms of contemporary art and culture and its dedication to education and cultural organizations match the City and its community’s ambitions for the building.

The Centre Pompidou × Jersey City Museum will be an all-new leading international cultural hub located at the heart of historic Journal Square, serving as a dynamic destination for residents and attracting visitors from all over the region, reflecting the energy and diversity of Jersey City’s burgeoning arts community. The Pompidou will provide its expertise to create an ambitious program emphasizing education via hands-on artistic and cultural experiences, with a community component central to the City’s ambitious and inclusive vision for the future, making the Centre Pompidou × Jersey City a promising multidisciplinary art laboratory for cultural and educational programming. With the addition of exclusive exhibitions created with the modern and contemporary art masterpieces from the Paris Centre Pompidou’s collection, as well as tailor-made and diversified events at the crossroads of all disciplines, the Centre Pompidou × Jersey City’s cultural agenda (to be revealed at a later date) will offer an effervescent fusion of art and ideas.

OMA will collaborate closely with the Pompidou and Jersey City on the architectural design and programming for the new building, beginning with a 1.5 month programming and concept design phase. During this phase, OMA, Pompidou, and Jersey City will develop the program and agenda for the new institution, based on Pompidou’s experience with their other global partnerships such as Malaga and Metz. Initial demolition of the interior of the existing building is in process. This phase will also include site and building analysis to determine logistics such as loading and back of house zones and review of existing building systems to determine possible remediation or replacement solutions. This phase will be followed by schematic design and subsequent design phases, with a project opening set for 2024.

The main Centre Pompidou x Jersey City requirements are summarized as:

- Provide exhibition space to show the selections from the Pompidou collection for special exhibitions;
- Incorporate a loading dock and other back of house support space to bring works of art into and out of the museum and provide the appropriate level of care for the collection;
- Repair, improve, and adaptively reuse the existing Pathside Building;
- Provide programmatic space for the local arts and cultural community which could include but is not limited to exhibition space, gathering space, and workshop space;
- Ensure that the museum facilities comply with the Americans with Disabilities Act (“**ADA**”); and
- Create a cultural anchor in Journal Square as the area continues to grow and develop.

The JCRA seeks Proposals to secure a professional services agreement (the “**Agreement**”) with an Engineer to provide Facade Services. The Respondent awarded the Agreement (the “**Successful Respondent**”) will be required to perform all Facade Services described in this RFP, and in all addenda issued hereunder. Prior to commencement of work, JCRA and Successful Respondent will enter into JCRA’s form Professional Services Agreement attached hereto as **Exhibit C**. Respondents are encouraged to participate in the site visit to allow Respondents to walk the site and consider the requirements of this RFP prior to bidding.

## **1.2 Award of Contract**

The award of the Agreement, if made, will be made to the Respondent which the JCRA, in its sole discretion, deems to best meet the requirements and needs of JCRA based upon price, skills, expertise and other factors as described herein. The Successful Respondent shall commence the Facade Services no later than April 14, 2022 (the “**Start Date**”) including completion of all staffing, training, and other necessary measures to perform the Facade Services set forth in the Agreement. The Start Date is subject to change.

The Successful Respondent will be required to comply with the requirements of N.J.S.A. 10:5-1 et seq., N.J.A.C. 17:27 and N.J.S.A. 40A:11-18.

### POLITICAL CONTRIBUTION DISCLOSURE FORM

#### C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a “fair and open” process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee<sup>1</sup>
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
  - of the public entity awarding the contract
  - of that county in which that public entity is located
  - of another public entity within that county
  - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed \$300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an “interest” ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, “a contribution by that person’s spouse or child, residing therewith, shall be deemed to be a contribution by the business entity.” [N.J.S.A. 19:44A-20.26(b)]

The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor’s responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor’s submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

<sup>1</sup> N.J.S.A. 19:44A-3(s): “The term ‘legislative leadership committee’ means a committee established, authorized to

be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures.”
